Editorial Policy: The Society for the History of the Germans in Maryland is dedicated to the preservation and dissemination of materials pertaining to the history of the Germans in North America, particularly the state of Maryland and the mid-Atlantic region. *The Report* is a regular publication of the Society. It appears in January of even-numbered years and seeks to provide a forum for the discussion of scholarly issues which are central to the Society's purpose. The editorial board of the *Report* invites articles which deal with any aspect of the history and culture of the German element in North America, from materials which support genealogical research (the Society itself does not undertake such research) to studies which examine the sociological, historical, or literary aspects of the German-American experience. Articles which focus on the Germans in Maryland are especially welcome. Manuscripts are accepted at any time and should be directed to the editor at the address listed below. All submissions should be made in triplicate and should contain no information which identifies the author or would otherwise prevent an anonymous review of the manuscript by members of the editorial board. Authors should include a single separate sheet identifying themselves and providing other relevant information. All submissions will be read by at least two members of the editorial board.

Authors will normally receive notice of the outcome of the review process within six weeks of receipt. Accepted articles will be published in the next issue, and authors can expect to see their work in print within eighteen months of the original submission. Manuscripts should be in English and follow the form suggested by the Modern Language Association. Non-English quotations should be accompanied by an English translation.

Final copies of all manuscripts accepted for publication must be submitted to the editor on diskette or as attachments to an e-mail. The author will be asked to provide both a printable file in Microsoft Word format and an ASCII text version with note numbers typed in the text and notes and references made explicit at the the end of the essay. Anyone unable to provide a file in Word format should provide a paper copy of the final manuscript with italics, indents, notes, references, etc. in proper typographical form.

Manuscripts should be directed to:
